DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 08/13/2008 has been entered.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 33, 36-51, and 55-57 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. With respect to claim 33, Applicant has used the term "relatively rigid". Such a limitation is vague and indefinite, as it is unclear if Applicant intends for the base to be rigid or not, and the degree of rigidity cannot be ascertained. With respect to claims 36 and 37, the phrases "said first surface" and "said second surface" lack positive antecedent basis, as it is unclear what surfaces Applicant is referring to. With respect to claim 49, it is unclear what Applicant is referring to by the phrase "both portions". (It appears that claim 49 should depend from 48, however, rather than 'both portions', claim should recite 'said first and second

Art Unit: 3764

portions'.) Referring to claim 57, it appears that Applicant is reciting a claim dependent on claim 33, however, the claim is drawn to an article of furniture, and fails to further disclose any limitations of the furniture. Appropriate correction is required.

Response to Arguments

4. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection. Careful revision of the claims should be made, as the 112 2nd paragraph errors were numerous. Examiner also respectfully points out that due to Applicant's international phone number, Examiner is unable to return missed phone calls. If Applicant is unsuccessful in reaching Examiner after several attempts, please contact Examiner by email at Fenn.Mathew@uspto.gov in order to arrange for a time to converse by phone.
